With the magic of RSS suscriptions, you can set right now all your RSS needs. Just activate the RSS you need. For security reasons we don't activate this by default and we generate a different address by RSS.

- Activate suscriptions**
-  [Changes in contracts versions & signatures](#)
-  [Changes in contracts comments \(public & privates\)](#)
-  [Negotiations I've been invited to.](#)
-  [Negotiations I've been expulsed from.](#)

Things you need to fill....

To profit the automatization, you can fill many things in setting. It will save you lot of minutes editing forms in the future:

Personal Account:

You didn't fill Username.
You didn't fill Time Zone.

Profile in Tractis:

You don't have any avatar.
You didn't fill a description.
